

Doncaster SENDIAS Service Charter

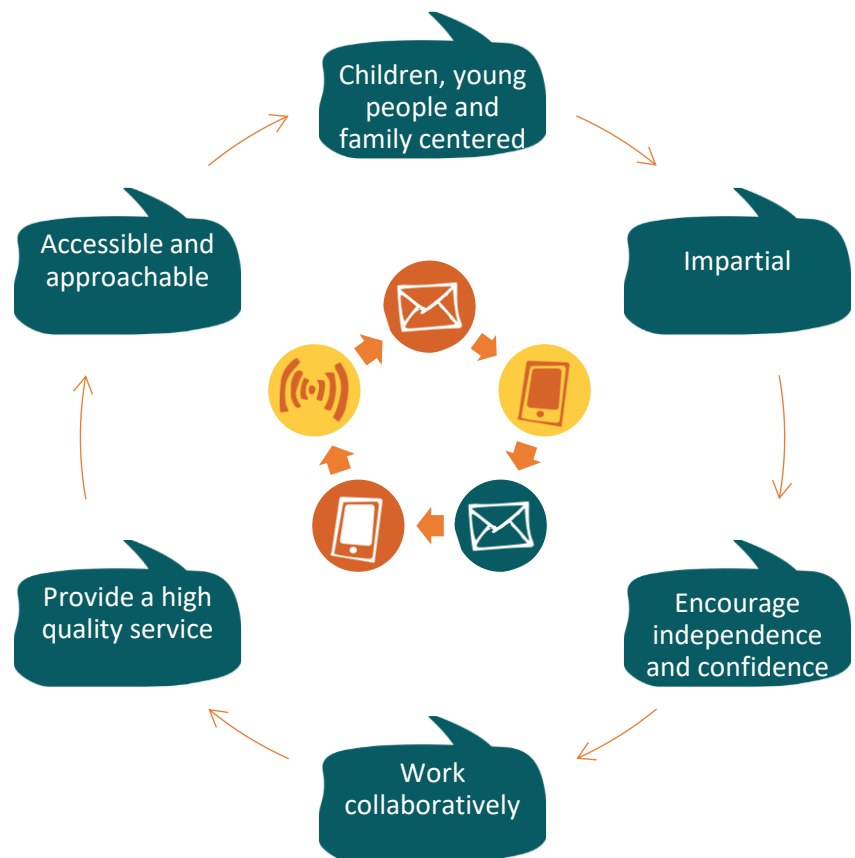

How we will deliver Information, Advice and Support.

Our Strategic Priorities

- We develop firm and resilient foundations to ensure we provide a high quality IAS service which is professionally operated.
- We achieve long term sustainability through best use of finances and people.
- We build positive partnerships and be visible in communities so that more people know who we are and what we do.
- We develop new adaptable models of service delivery.
- We implement a co-production model of service, design, delivery, review and implementation to create person centred service.
- We maintain a culture of continuous improvement and development to meet service users' needs.

SENDIAS Vision

Our vision is that children and young people with SEND, and their families, feel valued and confident in making choices and decisions about all matters affecting their day to day lives.

Service Principles
