City of Doncaster Council is a local authority led by an elected Mayor

Mayor Jones has a cabinet of 9 members from the Elected Members of the Council to support her. The Mayor can appoint up to 9 elected members to be part of her Cabinet.

Working within the policy and budget framework approved by Council the Mayor and Cabinet make executive decisions to improve our town.

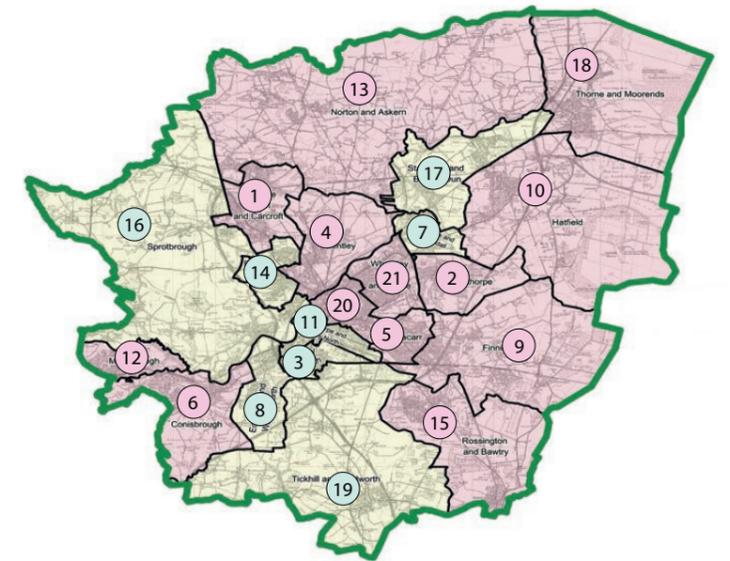

The Mayoral model incorporates an Overview and Scrutiny function made up from the remaining councillors that assists the Executive in policy formulation and review and hold the Executive to account for decisions taken.

As Doncaster's leading ambassador outside the city, the Mayor represents the views of Doncaster to a wider audience to influence regional and national policy in favour of the city.
