## Introduction

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in the annual report to the Secretary of State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.30 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. Paragraphs 6 and 3.30 of the Code require that each local authority publish its report locally.
2. **This year's report must cover the 2023/2024 academic year and be submitted to the Office of the Schools Adjudicator (OSA) by 31 October 2024.**
3. Please note that, in response to feedback on the previous template and in the light of consultation with a group of local authorities, changes have been made to various sections of this year's template.

## Guidance on completing the template

4. We have included all the guidance on completing specific parts of the template in this section. There is no requirement for local authorities to include the introduction and the guidance in their published reports, but they are free to do so if they wish.
5. We should be grateful if in completing questions which ask for information about primary and secondary schools and/or pupils, local authorities would follow the approach to classification of schools used in statutory provisions and in the Department for Education Statistical First Release<sup>1</sup> and the Education Middle School (England) Regulations 2002<sup>2</sup>.
6. The Code sets out some minimum requirements on the contents of each local authority report stating that each must cover as a minimum "information about how admission arrangements in the area of the local authority serve the interests of looked after children and previously looked after children, children with disabilities and children with special educational needs, including any details of where problems have arisen."
7. The Department for Education's aim through the annual reports from local authorities is to understand how well the admissions system is working nationally, rather than to hold individual local authorities to account. By understanding the effectiveness of the system, including outcomes, the Department hopes to identify areas where the admissions system is working well and areas where it could be improved. With that in mind, when the template asks, "how well does the admission system serve the needs of

children,” the Department appreciates that it is asking local authorities to make a subjective judgement, in the understanding that everyone’s experience with the admission system will be different. The Department encourages local authorities in responding to the open questions and spaces for open comments to set out challenges that are proving difficult to overcome.

8. Guidance on specific questions and/or meaning of specific terms in this report:

- a. “in-year admissions”: This means admissions (that is children admitted to a school and not applications for places):
  - i. to a year group which is not a normal point of entry for the school concerned (for example to Year 2 for a five to eleven primary school); and
  - ii. after the end of the statutory waiting list period (31 December) to a year group which is a normal year of admission for the schools concerned (such as Year R and Year 7).
- b. Not applicable means that there were no children falling within the relevant definition.

9. We welcome all comments that local authorities make in the comment boxes and we aim to reflect those comments in the Annual Report, but we ask for the comments to be entered under the right headings. Section 3 invites comment on any other matters not specifically addressed in this template if local authorities wish to do so. The views expressed in previous years also remain a matter of public record.

10. We ask that where possible, you return the template in Word instead of PDF formatting. A number of you have commented on the formatting of the template and we have tried to make it as accessible as possible, but we are aware that some local authorities use different versions of Word.

11. Where questions request a comparison with the previous year, any new local authorities formed as a result of reorganisation should note this on the form.

## Information requested

### Section 1 - Normal points of admission

#### A. Co-ordination

Which of the following best describes the level of challenge for your **main admissions round in 23/24 compared to 22/23?**

Year Group	Much less challenging	Less challenging	No change	More challenging	Much more challenging
Reception			X		
Year 7			X		
Other relevant years of entry			X		

Please give examples to illustrate your answer if you wish:

All applications received by the National Closing dates were offered a school place on National Offer Day. We also continue to work closely with our schools to co-ordinate the application process for each of the admission rounds.

#### B. Looked after and previously looked after children

- i. How well does the admissions system in your local authority area serve the interests of looked after children at **normal points of admission?**  
 Not at all  Not well  Well  Very well  Not applicable
- ii. How well do the admissions systems in other local authority areas serve the interests of children looked after by your local authority at **normal points of admission?**  
 Not at all  Not well  Well  Very well  Not applicable
- iii. How well does your admissions system serve the interests of children who are looked after by other local authorities but educated in your area **at normal points of admission?**  
 Not at all  Not well  Well  Very well  Not applicable

- iv. How well does the admissions system in your local authority area serve the interests of previously looked after children at **normal points of admission**?

Not at all  Not well  Well  Very well  Not applicable

v. If you wish, please give examples of any good or poor practice or difficulties which exemplify your answers about the admission to schools of looked after and previously looked after children at **normal points of admission**:

The local authority continues to have strong arrangements in place and our Virtual School for Looked After Children monitors and drives the admission of Looked After Children. Good working relationships across services ensures that each placement considered individually taking into account all relevant factors so that pupils are placed effectively and in the most appropriate schools.

### C. Special educational needs and/or disabilities

- i. How well served are children with special educational needs and/or disabilities who **have** an education, health and care plan that names a school at **normal points of admission**?

Not at all  Not well  Well  Very well  Not applicable

Please provide any comments you wish to make on the admission of children with special educational needs and/or disabilities at normal points of admission:

Good working relationships are in place across services to support the placement of pupils. This includes those receiving assessment who may / may not require an EHCP.

Families of children with an EHCP use the same online application portal.

The proximity to the National Offer day of the 15 February deadline for the EHCP process to be completed leads to a number of EHCP pupils holding multiple places, reducing the availability of places in the system.

## Section 2 - In-year admissions

**A. Which of the following best describes the overall level of challenge for your in-year admissions in 23/24 compared to 22/23?**

Phase	Much less challenging	Less challenging	No change	More challenging	Much more challenging
Primary			X		
Secondary					X

If you wish, please explain the factors that have changed the level of challenge for your in-year admissions:

A number of Academy Trusts do not comply with the requirement that they must notify applicants of the outcome of their application within 15 school days of receipt and so have to be reminded. This leads to delays in parents being notified of the outcome. It would be helpful if the DfE could remind them of this aspect.

## **B. Looked after children and previously looked after children**

- iv. How well does your **in-year admission** system serve the interests of previously looked after children?

The local authority has strong arrangements in place and our Virtual School for Looked After Children monitors and drives the admission of Looked After Children. Good working relationships across services ensures that each placement is considered individually taking into account all relevant factors so that pupils are placed effectively and in the most appropriate schools.

There have been occasions where Looked After Children from other LAs can be delayed due to poor engagement with our schools by the home LA. However, support and guidance is also provided to others by our Virtual School.

<sup>3</sup> It is important that only Directions to maintained schools are included here. Numbers of Directions to academies are already held by the Department.

iv. If you wish, please provide any comments about how **well in-year admissions** works for children who are **not** looked after or previously looked after and/or do **not** have SEND:

The Local Authority Co-ordinates the in-year admission process for all schools. However, some academies are slow to share their updated on roll figures, or are refusing to admit pupils into year groups beyond the year of entry below their PAN. The reasons given are operational in nature in terms of their own internal organisation of provision and/or the volume of in year admissions when compared to other schools.

This causes difficulties for the families where parental preference is denied, often at their local school. This is leading to increased delays in admission and pupils allocated schools a greater distance than would normally be necessary. As a consequence it restricts the Local Authority's ability to plan future provision.

v. If you wish, please provide any other comments on the admission of children **in-year** not previously raised (you may wish to include here any comments about cases where it has not proved possible to find places for children):

A need to remind the admission authorities of their responsibility to provide the local authority with details of the number of places available at their schools when requested. This ensures that LA's meet their responsibility under 2.27 of the code to provide information to prospective parents about the places still available in all schools within their area. In addition to responding to applications received for school places.

### **Section 3 - Other matters**

Are there any other matters that the local authority would like to raise that have not been covered by the questions above?

### **Section 4 - Feedback**

We would be grateful if you could provide any feedback on completing this report to inform our practice for 2025.

Thank you for completing this template.
