

COMMISSIONERS

A group of young people who help to commission and evaluate provisions and services for children and young people in Doncaster.

Involving young people in decision making is vital, we have therefore launched a Young Commissioners programme which enables children and young people to be actively involved in all aspects of the commissioning process, following the commissioning cycle.

Our Young Commissioners were involved with the full commissioning cycle of the City's Holiday and Food Programme (HAF). Scan the QR code and check out their video to find out more about what they did:

Inline with our aim to "Make Doncaster the Most Child Friendly City" it is important that the voice of children and young people are at the centre of our services and provisions. The Young Commissioners make sure that we are delivering exactly what children and young people need and want.
